

## Panel 1: Panel 1

*A brave astronaut discovers a alien cat on Mars*

Caption: A desolate Martian plain. The faint whistle of cosmic wind, interrupted by a soft, static-filled 'meow'.

Nova's heart hammered. First contact! A monument to human achievement! And... it's a glowing purple furball currently licking its own gravity-defying butt.

## Panel 2: Panel 2

*A brave astronaut discovers a alien cat on Mars*

Caption: \*Scratch-scratch.\* The sound of claws on a premium titanium space-suit.

Nova slowly reached out. 'I come in peace, little guy.' The alien beast immediately hissed, sneezed a glob of acidic slime onto her visor, and demanded treats.
